

# Welcome to the

“Relax, don’t worry, have a homebrew!”

- Chris’s Uncle

# BEER LIST

**Petaluma Brown Ale** is homage to a hoppy brown ale made by a certain commercial brewery in Petaluma, California. Hops used were Cascade, Liberty, Nugget, and Willamette.

OG: 1.080

ABV: ~9.2

IBU: 50

**Z/C P/A** is a strong American Pale ale featuring Zythos and Columbus hops. As bold as it is approachable, this beer is the proud product of one of the club's newer brewers. Their first all-grain batch, I believe.

OG: 1.066

ABV: 6.5

IBU: 60

**Ruby Mild** is fashioned after/inspired by Yorkshire's Rudgate Dark Ruby Mild. A rich, nutty classic English mild with perhaps a bit more bitterness than style using American NW hops.

OG: 1.044

ABV: 4.2

IBU: 35

**Mildly Rye-ish** is an English-style mild with 1/3 rye in the grain bill. It features Fuggle & Challenger hops.

OG: 1.040

ABV: 4

IBU: 22

**Russian Imperial Stout** is the granddaddy of stouts. This one has a unique flavor to it that makes it distinct even in a category known for distinguished flavors.

OG: HIGH

ABV: UP THERE

IBU: ?

**Golden Best Bitter** inspired by Darkstar's Hophead - this is a very hop forward BB.. Style wise - it has the color and OSG/ABV of a GBB --- but with 2 to 3 times the IBUs. Using all pale malt w/a touch of Dextrine malt - this beer is hopped using an experimental hop bursting technique in which ~2 ounces Simcoe were added w/5 minutes of boil to go and ~4 ounces of Citra pellets were added into the wort at flame out and circulated/stirred for 30 minutes prior to chilling.

OG: 1.042

ABV: 3.9

IBU: 73

# BEER LIST

(Part deux)

**Cask Lager** is a recreation of a 1934 draught lager from the UK. A 50–50 blend of UK pale malts and a German pilsner malt and Czech Saaz hops.

OG: 1.047

ABV: 4.5

IBU: 32

**House Cream Ale** This light and refreshing beer makes a regular appearance on tap at the brewer's home.

OG: 1.058

ABV: 6

IBU: 19

**May Day! Mild** A variety of delicately balanced malts combine with English hops and a warm fermentation to push this beer to the boundaries of the style. Subtle and refined, yet dark, malty, sweet, and slightly fruity with a pleasant hop character.

OG: 1.038

ABV: 4.5

IBU: 22

**Defiance Session IPA** is a solid burst of hops without the usual alcohol drag to fuel an evening. Light, hoppy, not to be missed.

OG: 1.045

ABV: 4.2

IBU: 60

**Celebration** is an ordinary bitter brewed in honor of this little girl —————→  
It is a beer meant to be enjoyed over the long hours spent at your local while hiding from the responsibility that she represents. Dry-hopped up the whazizzle with Fuggles.

OG: 1.032

ABV: 3.2

IBU: 20

Many thanks to the  
dedicated home-brewers  
in your local club

Want to use  
**COMMERCIAL KEGS**  
for your homebrew?

Get more out of your home kegging  
system by making your own **SELTZER?**

### Use The Kegging Part!

The easiest way to put a ball-lock connector on

- ✦ any commercial keg coupler
- ✦ certain soda siphons
- ✦ some converted keg fermenters
